

Quality Access Doors - FAST!

SUBMITTAL/TECHNICAL DATA SHEET

DESCRIPTION

The E-Z Hatch® Attic Access Door is an air-tight, high-performance, energy-efficient attic access scuttle door. It is R-50 or R-80, triple-gasketed, pre-finished, and fits into a 22 1/2" x 30 1/2" rough opening. The E-Z Hatch Attic Access Door Panel Hatch System is easy to install, easy to use, and features a highly insulated door, panel, scuttle hatch system that has an option that includes a secure 4 point locking latch and handles. It provides an air sealed, professional, high-quality, insulated access opening into the attic space. The E-Z Hatch Attic Door can be used for new construction and retrofit. The locking model can be used in knee walls as well as attic entry.

FEATURES

- Energy efficient
- Meets code requirements
- Fits into a 22.5 in. x 30.5 in. rough opening
- Exceeds all code requirements
- Fits either between roof trusses 24" on-center, or between ceiling joists 16" o.c.
- Comes with prefinished trim and hatch panel

CODE REQUIREMENTS

2015, 2018 IRC Section N1102.2.3 and 2015, 2018 IECC Section R402.2.4 reads "Access doors from conditioned spaces to unconditioned spaces (e.g. attics and crawl spaces) shall be weather-stripped and insulated to a level equivalent to the insulation on the surrounding surfaces."

These Code requirements mean the attic access pull down ladder or access hatch must now be insulated to the same level as the rest of the attic (minimum R-30).
