

Quality Access Doors- FAST!

SUBMITTAL/TECHNICAL DATA SHEET

ADVANTAGES

- Aluminum ceiling access doors provide convenient access to services or controls located in ceilings. Model CT is designed for use in suspended tile ceilings.

- Units are installed by bolting the hanger brackets to the hanger rods furnished and installed by the ceiling contractor.

- Aluminum cover and frame with stainless steel hinges produce a strong, lightweight, corrosion-resistant assembly.

- Continuous hinges, opening upward or, if desired, downward hinges are available.

- Frame flange serving as a support ledge for the tile.
